

Whooping Cough

This is a very dangerous disease, particularly to children under five years of age, but when no progeric, codine or other opiate is given, is easily cured by giving Chamberlain's Cough Remedy. Most people believe that it must run its course, not knowing that the time is very much shortened, and that there is little danger from the disease when this remedy is given. It has been used in many epidemics of whooping cough, with pronounced success. It is safe and pleasant to take. 14-St

Notice to Taxpayers

All taxpayers of Graham County, Arizona, are hereby notified that the Assessment Roll of this County, for the year 1921, has been filed in the office of the Board of Supervisors, at the Court House in Safford.

The County Board of Equalization will meet in the said office at 9:00 o'clock a. m., on the 1st day of June, 1921.

MARTIN LAYTON,
Clerk Board of Supervisors, Graham County, Arizona. 15-2t

ARTICLES OF INCORPORATION OF UNITED INSPIRATION

KNOW ALL MEN BY THESE PRESENTS that we whose names are hereunto appended have associated ourselves together and do hereby associate ourselves together for the purpose of forming a corporation under the co-operative laws of the State of California and to that end we do hereby certify.

I. The name of this corporation is UNITED INSPIRATION.

II. The purposes for which this corporation is formed are as follows:
(a) To conduct a co-operative business association under the laws of the State of California.
(b) To aid in the cause of education; to inculcate co-operative principles among its members; to assist needy members; to aid in building good roads and to encourage patriotism.

III. The principal place where this business is to be transacted is in Los Angeles, California.

IV. This corporation shall exist fifty (50) years.

V. The number of directors of this corporation is three (3) and those selected for the first year are:
J. A. Karlson residing at Los Angeles, California
Severyn Fyan residing at Los Angeles, California
L. L. Karlson residing at Los Angeles, California

VI. This corporation shall have no stock. The property rights and interest of all members shall be equal and the voting power the same.

VII. The composite membership of this corporation shall be known as the Supreme Council of the UNITED INSPIRATION and it shall hold meetings at such times as may be designated in its by-laws or when convened by order of the Board of Directors. Constitution and by-laws may be adopted by the Supreme Council by unanimous vote of the Board of Directors and an executive committee may be established by the Supreme Council.

IN WITNESS WHEREOF we have hereunto set our hands [SEAL] and seals — day of January, 1921.

J. A. KARLSON
Residing at Los Angeles, Cal.
SEVERYN F. FAN
Residing at Los Angeles, Cal.
L. L. KARLSON
Residing at Los Angeles, Cal.

STATE OF CALIFORNIA, ss.
COUNTY OF LOS ANGELES, ss.
No. 23578

I, L. E. LAMPTON, County Clerk and ex-officio Clerk of the Superior Court, do hereby certify the foregoing to be a full, true and correct copy of the original.

Live News From All Over the State

LOSES BOTH LEGS

Tempe—A young man by the name of Alden, living near Phoenix, attempted to board a moving freight train near the Arizona Eastern depot Sunday evening and fell under the wheels, having both legs cut off. Dr. B. B. Moeur was summoned and rendered first aid to the unfortunate lad, who was afterward removed to the Sisters' hospital in Phoenix. There was another young fellow with Alden at the time he was hurt and the two were seeking a free ride on the freight train.

APACHE RAILROAD

LOSES RATE BOOST

Phoenix—The application of R. C. Mulholland for permission to increase demurrage rates on the Apache railway, Southwestern railway and Mascot & Western railroad was dismissed May 20th, by the State Corporation Commission, on the motion of Mr. Mulholland, who asked permission to withdraw the application.

A similar application by J. E. Fairbanks, also was dismissed.

ATTACK MADE ON SCHOOL PRINCIPAL

Tucson—A sensational attack was made on Superintendent C. E. Rose and Principal Glen O. Perkins, in the high school offices, by J. K. Van Harlingen and "Chick" Brewster, who went to the office accompanied by Mrs. Van Harlingen and their daughter, Mary.

The story of the encounter, as related by the participants, is that the quartet entered the office, closing the door behind them; that Van Harlingen immediately grappled with Perkins, while Brewster attacked Rose. Exchange of blows was followed by a wrestling match in which all four men went to the floor, while Mrs. Van Harlingen assisted her husband in an attack on Perkins.

Debate Coach Robinson, who was in the building, heard the disturbance and, putting on a sweater, rushed to the office, the door of which was locked, and, breaking in the glass with a chair, effected an entrance. He plunged into the contending forces and informed Van Harlingen and Brewster that the fight must cease or he would take a hand in it.

The quartet then left the building, though not before Brewster, it is said, had made some additional threats. None of the combatants was seriously injured.

The attack is understood to have been the sequel of charges made by the Van Harlingen girl against the high school principal, which had been under investigation by the superintendent for some days, and which he had announced in his judgment was a frame-up. The story told by the girl is said to have come to the ears of her parents only about an hour before they made the attack on the school chieftains.

HAY ACREAGE INCREASED BY 12,000 ACRES

Phoenix—The hay acreage in Arizona this year is estimated as being 12,000 acres greater than it was last year in a report made public May 16th, by L. M. Harrison, Arizona statistician for the United States bureau of crop estimates in cooperation with the University of Arizona Extension Service. The condition of the crop on May 1st, was reported lower than last year and the ten-year average, however.

The number of acres devoted to hay this year is estimated at 135,000. Last year 123,000 acres were devoted to hay. The number of acres given over to this

crop in the various counties follows:

Maricopa, 63,000; Yuma, 12,500; Graham, 11,000; Pima, 8,000; Pinal, 7,500; Cochise, 7,000; Yavapai, 6,200; Apache, 5,000; Navajo, 4,000; Coconino, 3,500; Greenlee, 2,100; Gila, 2,000; Mohave, 1,200, and Santa Cruz, 2,000.

TENT CITY BEING BUILT AT FLAGSTAFF

The opportunity has come for Arizonans to get accommodations to spend the summer months among the pines and lakes of Northern Arizona.

The weather in and about Flagstaff is ideal during the summer, and along with the weather there is hunting, fishing and the sports that one can find in the mountains. Flagstaff welcomes all, if only for a short visit.

Two hustling merchants of the northern city, have leased a plot of ground in the center of the residential section of the town and are placing tent houses of various sizes with all the conveniences of a home, electric lights, water, etc., all for a small rental.

SILVERTOWNS INCLUDED IN THE 20 PER CENT PRICE REDUCTIONS

Motorists will be glad to know that the famous Silvertown Cord Anti-Skid, Safety Tread Tires are included in the recent 20 per cent reduction which brought tire prices back to pre-war basis. Among tires Silvertown is the name that instantly conveys the thought of the highest quality. Motor car manufacturers and dealers are quick to emphasize to their prospects that their cars are equipped with Silvertowns, knowing that neither explanation nor argument is necessary.

This reduction brings Goodrich prices to a point 15 per cent below the pre-war schedules, as represented by the 1913 level. It is rather startling to find that the 1910 tire prices were 115 per cent higher than the Goodrich prices today.

Mr. Herbert Hoover, Secretary of Commerce, has recently suggested that when price reductions are made present prices should be shown, compared with the prices on the same article one year ago. In the case of Goodrich this would show that last November tires were reduced about 15 per cent and on May 2d Goodrich reduced prices on every size and style of their tires including Silvertown, 20 per cent.

A tangible expression of the greater mileage service now being built into tires, is reflected by the higher basis of adjustment generally used by the leading companies. Thus, if a tire proves defective today it is adjusted, under the Goodrich plan, on the basis of 6,000 miles if it is of cord construction, Contrast this with the adjustment basis in use a few years ago, i. e., 3,500 miles, and it is easy to comprehend the great progress made in tire manufacture.

It is not a far-fetched conclusion to say that tires today give from 50 per cent to 100 per cent greater mileage than they did a few years ago. Therefore, if the tire companies were selling mileage today at the 1915 price level, tires would actually cost from \$5.00 to \$25.00 more than at present. The conclusion is obvious, therefore, that based on comparative service tires cost less today than ever before.

The rubber industry is to be complimented on its rapid progress toward normal. It represents an earnest effort to meet the wishes of the Administration and the general public in the establishment of lower price levels on which all classes of trade can unite and transact business.

The price reduction campaign instituted by Goodrich has received the endorsement of motorists, dealers and the press—as an economic move in tune with the spirit of the times.

Mr. and Mrs. Alfred Sowell and little son motored to El Paso, Monday. Mr. Sowell expects to return in a few days, but Mrs. Sowell may remain with her mother for a few weeks.

Lumbago.
This is a rheumatism of the muscles of the back. It comes on suddenly and is quite painful. Every movement aggravates the disease. Go to bed, keep quiet and have Chamberlain's Liniment applied and a quick recovery may be expected. Mrs. F. J. Dann, Brockport, N. Y., writes: "I can honestly say that Chamberlain's Liniment cured me of Lumbago a year ago last summer. When I began using it I was flat on my back in bed and could not turn to the left or right. I had a bottle of Chamberlain's Liniment in the house and this was applied to my back. It promptly drove away the pains and aches."

MICKIE SAYS—

IT HAIN'T NECESSARY FER US TO SET ON TH' MOURNING BENCH WITH TH' PRICE CUTTERS BECAZ WE NEVER JOINED TH' PRICE BOOSTERS! ANY ADVANCES WE MADE ARE TOO SMALL TO BE SEEN WITH TH' NAKED EYE!!

AN ALL-AROUND LEGION MAN

Michigan's Newly Appointed Head of National Service Division is Equipped With Information.

A sailor, a traffic cop, a first sergeant, an assistant provost marshal and a patient in army hospitals for almost two years, Albert E. Haan of Michigan, newly appointed head of the American Legion's national service division, is well equipped to minister to the needs of ex-service men.

Mr. Haan gained the rank of captain on the battlefield and was severely wounded in action at Juvigny, France, while serving with the Thirty-second division. In Walter Reed hospital, Washington, for more than a year, he found out what the government intended to do for the wounded by studying plans and legislation concerning the subject. Discharged from the hospital last fall, he was made a special representative of the bureau of war risk insurance.

In army and navy camps he was instrumental through the American Legion, in causing the reinstatement or conversion of \$5,000,000 in war risk insurance. In Michigan last November, as field representative of the war risk bureau, he directed a cleanup of hospital, insurance and compensation claims that placed the state ahead of all others in welfare accomplishments.

During the campaign he investigated the condition of ex-service men in the state prison, at Jackson and the insane asylum in Kalamazoo. He worked with the Legion's welfare department to cause the parole of 150 men last year to the Legion. He obtained \$200,000 in funds raised during the war and used it in settling claims, relief of the disabled and their dependents and in untangling insurance difficulties and remedying hospital conditions.

Mr. Haan is twenty-eight years old. Coming out of high school, he entered the United States navy as an apprentice seaman. He served four years on the U. S. S. Idaho and was discharged as a quartermaster, second class. He then became a motor and traffic police man in Grand Rapids, Mich. In 1916, he went to the Mexican border as a first sergeant in the Michigan Infantry. Before he entered the lines in France, he was assistant provost marshal at St. Nazaire, as a first lieutenant. Before the battle in which he was wounded, he had served in three offensives.

NOTICE OF SHERIFF'S SALE

In the Superior Court of the State of Arizona, in and for County of Graham.

Anchor Trust Company of Wichita, Kansas, a corporation,
Plaintiff,
vs.
C. H. Spafford and Myrtle Spafford, Charles Boren and Mary Boren,
Defendants.

Notice is hereby given that, in pursuance of a special execution issued out of the Superior Court in and for the County of Graham, State of Arizona, made on the 7th day of April, 1921, in the above entitled cause, whereby I am commanded to make the sum of \$1,000.00 principal, \$192.50 interest, \$119.25 attorneys' fees, together with costs and disbursements amounting to \$29.00, with interest thereon at the rate of six per cent per annum from February 1, 1921, to date of sale, together with all accruing costs and expenses of sale, and whereby I am commanded to sell the real estate hereinafter described:

Notice is therefore given, that I will sell at public auction to the highest and best bidder, for cash, on the 18th day of June, 1921, at the hour of ten o'clock a. m., at the front door of the court house in the City of Safford, Graham County, Arizona, the following described real property, separately or in one parcel, to-wit:

Beginning at the northeast corner of the northwest quarter of the southeast quarter of Section 30, in Township 5 South, Range 24 East, of the Gila and Salt River Base and Meridian; thence South 66 rods; thence West 30 rods; thence North 66 rods; thence East 30 rods, to the place of beginning, containing 35 acres, more or less, together with five shares of the capital stock of the Nevada Extension Irrigating and Canal Company, as evidenced by Certificate No. 31.

Dated, Safford, Graham County, State of Arizona, this 23d day of April A. D. 1921.

J. D. SKAGGS, Sheriff.

MISSIONARIES WILL COVER SEVEN WARDS OF MARICOPA STAKE FOR L. D. S. CHURCH

Mesa—Organization of the Maricopa mission of the L. D. S. Church was perfected at a meeting that was held in the First Ward Chapel Thursday evening, May 19th, when seventy missionaries were appointed to carry on a campaign in the different wards of the church, from now until the end of the year. The meeting was conducted by the presidency of the Maricopa Stake.

Under the plans adopted, the county has been divided into eight districts, seven districts being in charge of the presidents of the Seventies, and the eighth district covering the work that is to be done among the Spanish speaking members of the church. The following were appointed to have charge of the work in the seven districts, which correspond to the seven wards that are already established: John Horne, Jos. Standage, Lew Ellsworth, Don Babbitt, Don Brimhall, Dr. F. W. Brown and G. C. Spillsbury, with M. L. Griner as secretary of the mission.

Each of these presidents will have ten missionaries working under his direction, and they are to devote one day each month, or its equivalent, to the work, carrying on their task under the same conditions as prevail in the mission fields and bearing their own expenses. Supplies, including tracts and literature, will be furnished by the church.

Victory for the Legion.

The closing of the United States public health service hospital for tubercular ex-service men at Markleton, Pa., by order of Assistant Secretary of the Treasury Ewing Laporte, is regarded by American Legion officials as a great victory for the ex-service men's national policy in regard to disabled veterans. This hospital was first denounced as an improper place for the treatment of tubercular ex-service men by F. W. Galbraith, Jr., national commander of the American Legion, in a speech in Philadelphia last November. His stand followed numerous investigations made by government authorities, and a public appeal from 94 tubercular veterans being treated there.

Habits of the Eel.
The slithery eel is one of the commonest of fish, being found in nearly every ditch, pond or canal. Small eels have been found in water pipes, and sometimes they come even as far down the pipe as the tap, causing the stoppage of water.

It is not known quite what eels feed on, but it is known that they are sometimes ferocious, and often snap off the legs of waterfowl and catch small birds that are unsuspectingly hopping on the ground. The eel also eats and enjoys the eggs of other fish and even attacks large fish.
